Protect the Park, Protect Yourself

Use sunblock, stay hydrated, take your time, and rest to reduce the risk of sunburn, dehydration, nausea, shortness of breath, and exhaustion. The North Rim's high elevation (8,000 ft / 2,438 m) and dry climate affects you differently than your home environment.

Drive With Care. Watch for people and wildlife. Increase caution at night and during wet conditions. Observe posted speed limits; maximum speed limit 45 mph (72 kmph). Vehicles longer than 30 feet (9 m) not recommended on the roads to Cape Royal and Point Imperial. Oversized vehicle parking limited; park at Grand Canyon Lodge or North Rim Campground. Arizona highway information: 511 or 888-411-ROAD or az511.gov.

Monsoon storms are common in summer. When you hear thunder or see lightning, move away from the canyon rim. Do not stand under a tree. Seek shelter inside a vehicle or building. Be aware of possible flash floods and falling rocks during and after storms.

Weather varies greatly and changes suddenly. Be prepared to layer clothing for heat, cold, rain, wind, or snow. Weather posted in North Rim Visitor Center. Park road and weather conditions: 928-638-7496.

Free, spring-fed drinking water is available from bottle filling stations at North Rim Visitor Center, Administration and Backcountry Office, and North Kaibab Trailhead.

Camping is only permitted in the North Rim Campground. For backcountry camping options (permit required) check with the Backcountry Information Center.

Keep wildlife wild. Approaching and feeding wildlife is dangerous and illegal. Bison and deer can become aggressive and will defend their space. Keep a safe distance of at least 75 feet (23 m) from all wildlife. Do not feed the squirrels. They will bite and can carry disease.

Leashed pets are only allowed on the Bridle Path and Arizona Trail—between North Kaibab Trailhead and the north entrance station. Pets are not allowed on any other trail or in buildings. These restrictions do not apply to service animals. Anyone wishing to take a service animal below the rim must check in at the Backcountry Information Center before starting their hike. No kennel is available on the North Rim.

Stay behind railings and away from cliffs. Hold on to children. Do not back up without looking around you. Always be aware of your surroundings.

Hikers and wildlife can be injured by rocks, coins, and trash tossed over the edge of Grand Canyon and rocks dislodged by walking off trail.

Launching, landing, or operating an unmanned aircraft is prohibited inside Grand Canyon National Park.

The walls of Grand Canyon tell an amazing story. You alter that story when you leave graffiti.

Use recycling and trash receptacles to help keep Grand Canyon clean.

Leave rocks, plants, wood, and artifacts where you find them.
